

PATHWAYS TO REGISTRY

Smith Chason College graduates are eligible to sit for their registry exams including, SPI, CCI, NCCT, ARRT, ARMTRIT, and ARDMS.

Smith Chason strongly recommends obtaining certifications to provide you with the best knowledge and opportunities when entering the medical imaging field. Smith Chason provides registry reviews and assistance with the registry exam process.

The eligibility prerequisites of all registries can be changed at any time without Smith Chason College's knowledge or consent. This document is meant to be a guide only, there are additional steps and requirements not listed here, and all students should refer to the Smith Chason registry disclosure and review the registry's website for the most up-to-date information. Your previous education may allow you to have registry eligibility not addressed here, please see the registry's website for details.
